**Other:**

on my time off I like to spend time with family and friends. I appreciate the walks I get from my two dogs. Running is something I like and have for several years been running both vårruset and Tjurruset, it's different marathon held in Stockholm. I love traveling, I have been in many different countries and experienced many different cities, many more will come. there is nothing better than to experience new cultures, to experience parts of the lives of others. it provides a perspective on life and strength to fight for what is important.
